My dedication goes here.

# Acknowledgments

This research would not be possible without the following people who have provided me with guidance, support, and encouragement along the way.

Whoops. Actually, I did it all myself. Never mind.

# Chapter 1

# Introduction

This is the start of my thesis. In this thesis, I intend to:

1. Explore the mysteries of the universe.
2. Go where no CSDL graduate student has gone before.

Here is a figure that shows how to include figures:
In Figure 1.1, I illustrate how to include figures.
Also, no thesis would be complete without a citation [1].
